**BE SAFE AND HAVE A
COOL SUMMER**

Chairman's Report to Council

Social Services:

I received notice at the end of April that our Social Services person had turned in her letter of resignation. I and Vincent, our Tribal Administrator, met with, Jeri James, the social worker to assess what was the state of the social services department. In speaking with Ms. James, she informed us that all of her files were up to date and that the applications were in order and the needed documentation was in the files.

Ms. James informed us also that there were no court cases pending, and that she had started on the re-write of the department's policy. We also went over to whom the continuation of the monitoring visits would fall, since our two contract social workers have already been utilized in the past for this and they up to speed with our case load, we would continue with this.

Voyager Investment Advisors:

I attended the investment training 101 given by Voyager Investment Advisors covering the tribes investment policy, also in attendance were Vice-Chair Carmen Bradley, Council Member LaWanda Hill, Tribal Administrator Vincent Toya and Assistant Comptroller Cody Jake.

This was an introductory lesson on the meaning of stocks, bonds and cash. Stocks being ownership, Bonds Being loanership and cash being resources that are easily liquidatable. Our investment policy calls for a 60% stock, 35% bonds and a 5% cash division of assets.

Bureau of Land Management:

I attended a meeting with the BLM held here in our administration building, also in attendance for the tribe were Environmental Director Daniel Bullets, Tribal Administrator Vincent Toya and Cultural Resources Director Charley Bullets. The meeting was concerning the Moonshine Spring area and the large rock quarry that had been used and partially reclaimed. The BLM was wanting our tribal input as to how the reclamation should proceed. The BLM had a couple of ideas and suggested that they would be open to putting the work out for bid on an open contract, I asked if it would be okay if the tribe put in for the contract.

The BLM thought that this was a wonderful idea and said that if we came in under the threshold that they would not have to put the contract out for open bids. We decided that Daniel would be the POC for this, we are currently waiting for Daniel to arrange for a field trip out to the reclamation site so that we might be able to assess if we have usable equipment to perform the work. I then asked if after the field trip we determine that we not able to do the work, we would want to request that a tribal monitor be used, they were agreeable to this.

Advisory Council on Indian Health Care (ACOIHC):

The Administrator Vincent Toya, CHR Director Laura Savala and I met with Kim Russell Executive Director for the ACOIHC and Lydia Enriquez Administrative Assistant, Ms. Russell informed us that she and Ms. Enriquez were the whole of the staff for this department. That their office reports to the advisory council and not to the Governor's office, this allows their office to openly advocate for policy reforms and changes in law thru the state legislator.

National Park Service and Congressional Entourage Meeting:

Tribal Administrator Vincent Toya, Council Member Yolanda Rogers and I along with members from the NPS PIPS NM, Superintendent Fred Armstrong, Paula Ogden-Muse Chief of Interpretation, Bob Bradley Chief of Facility Maintenance, met with the Congressional Entourage, Representative Nita Lowey and Mr. Stephen Lowey. Rep Lowey is the ranking member of the House Appropriations Committee, Attorney Stephen Lowey, Democratic Staff Director David Pomerantz House Appropriations Committee, Staff Assistant Rita Culp House Appropriations Committee, Principal Deputy Assistant Secretary of Policy, Management and Budget Kris Sarri Department of the Interior, Congressional Liaison Tricia Hall Department of the Interior Office of Budget, Regional Director Sue Masica Intermountain Region National Park Service.

We met the entourage at the monument for introductions, we then went along on the tour of the fort and answered some of their inquiring questions that were not part of the information presented during the guided tour. Their visit was to the park museum and we again answered more questions, giving insight to history of our people and the encroachment and subsequent loss of water, resources and wildlife as well as our land base along with the effects of over grazing.

We then retired to the RV Clubhouse for lunch, which was provided by the park service, the conversation started with the use of the clubhouse, how often and to whom is the facility open to use, what services are available for health care and emergency response, what level of connectivity is available along with educational facilities. They then asked what they could do for us and what we perceived our needs to be.

Share the Road Training:

I attended the Share the Road Training put on by the TMVCIPP, the Hualapai LES and Az. DPS. Their presentation included topics on distracted driving, blind spots, following distances and stopping distances.

Travel:

I do not have any travel plans

Memo

To: All Tribal Members and Community Members of
Kaibab Paiute Indian Reservation.

From: Danny Bullets, Jr., Fire Chief

Subject: Fire Danger

Date:

Due to the High Fire Danger and concerns of Tribal and Community Members on the danger of Wildland Fires, this Department is issuing the following recommendations to everyone residing within the Boundary of the Kaibab Paiute Reservation:

1. No Burning of any kind.
2. Smoking only within an enclosed vehicle, open clearing or space, Parking lots and places marked as smoking areas.
3. Discharging of or use of Fire Works, Tracer Ammunition.
4. No Cutting, Welding or Grinding of metal in areas of dry vegetation.

This is "Recommendations to the Tribal Community's" until a legal restrictions is put out by the Bureau of Indians Affairs, Southern Paiute Agency.

Don't be afraid to call 911 for any EMERGENCY'S (Police/Fire) the only time you will get in trouble is if you make a FALSE REPORT.

When calling 911 remember to:

1. State your full name and your location.
2. State why you need help, Fire/Police/EMS-Ambulance.
3. Stay on the line until they tell you to hang up or when help arrives.

If you have any question call me at 643-8305.

Thank you

Coconino County Enters Stage 1 Fire Restrictions on June 15

FLAGSTAFF, Ariz. — The Coconino County Board of Supervisors has approved enacting the Wildfire Defense Ordinance at Stage 1 fire restrictions for Coconino County to go into effect at 8 a.m. Wednesday, June 15. Restrictions will remain in effect until fire danger conditions subside.

“After we considered the recent (fire) events in Coconino County and Northern Arizona, as well as the increasingly dangerous fire conditions throughout the County, the Board has decided to take this necessary action,” said County Board of Supervisors Chair Lena Fowler. “Our Board felt the most prudent action was to implement Stage 1 fire restrictions to help remove this potential threat and avoid additional devastating wildfires in our communities.”

The following restrictions apply on County public lands, as well as private lands in the unincorporated areas of the County.

During Stage 1, the only combustion, open fire, and campfire **allowed** are listed below:

1. By persons with a written permit from a proper governmental authority that specifically authorizes the prohibited act.
2. For personal use of cigarette or other tobacco smoking medium when inside an enclosed vehicle or building, or in a developed recreational site in an area that is free of combustible materials and vegetation.
3. For emergency repair of public utilities and railroads and other health and safety mitigation measures when operated by a public utility or railroad and implemented in accordance with an approved agency plan.
4. By any Federal, State or local officer or member of an organized rescue or firefighting entity in the performance of an official duty.
5. By persons whose OPEN FIRE is the result of a device fueled by liquid petroleum or LPG fuels that can be turned on and turned off (for example a gas grill) when used in an area that is free of combustible materials and vegetation.
6. By persons operating internal combustion engines in the course of mechanical or industrial operations that would produce open flames and sparks but containing appropriate spark arresting devices; those welding or operating acetylene or other torch with open flame in an area that is free of combustible materials and vegetation; and those using explosives with written permission of an authorized governmental agency.
7. By persons operating motorized vehicles off designated roads and trails.
8. By persons operating electric generators or pumps with an approved spark arresting device within an enclosed vehicle or building in an area that is free of combustible materials and vegetation.
9. Persons engaged in industrial and ranching operations where specific operations and mitigation measures are identified in an operating plan.
10. For cooking of food or for providing warmth for human beings in an area

designated by a governmental authority specifically for that purpose; for example a CAMPFIRE or OPEN FIRE in an established campground with fire-hosting amenities [grill, fire ring].

Citizens are reminded to use caution when smoking cigarettes outdoors and to completely extinguish them. The use of any machinery that may emit sparks, such as chainsaws and welding equipment should be used with caution during the high fire danger period. Be prepared and have fire extinguishing equipment readily available.

Residents and visitors are asked to use their best judgment when considering whether to engage in any activity that could spark a fire. Residents and visitors are reminded that they can be held legally responsible for causing any wildfire.

The CHR Department and Diabetes Program

Wish you a very safe time and enjoy!

The **Kaibab Band of Paiute Indians** has the following positions available:
HC 65 Box 21, 1 North Pipe Spring Road, Fredonia, AZ 86022
(928) 643-7245 www.kaibabpaiute-nsn.gov

Support Services Assistant: Full-Time, Permanent/Benefits; \$9.51 hr or DOE

The Support Service Assistant will assist the Social Service, Mental Health and Substance Abuse Departments. The SSA will be overseen by the Social Services Director and the Substance Director will be responsible for oversight for all duties as assigned by each department director. Duties include: answering phone calls, scheduling appointments, complete the intake process, complete invoicing, assist with general record keeping, must have computer skills, assist clients with employment and education opportunities, verification/researching of client information, financial record keeping, supervise Human Services waiting area, all facets of office organization and for all three departments including filing duties. All other duties as assigned.

Convenience Store Clerk: Full-Time, Permanent/No Benefits; \$9.50 hr

This position requires hands-on retail sales, great customer service skills and cashier experience. This position requires familiarity with cashiering and retail sales. The applicant must be able to provide pleasant and courteous service to customers according to tribal goals, policies and procedures. Retail activities will be part of the store operations. This position requires a high degree of initiative and attention to detail, excellent communication skills and the ability to project the desired tribal image of courteous, friendly service to customers. Must be able to handle cash transactions, be responsible for general cleanup, restocking of inventory and performing all related duties as necessary. Be able to work all shifts including evening, weekend and holidays and must be able to closely follow written and oral instructions.

Social Service Worker: Full-Time, Permanent/Benefits; Salary Range: \$39,520 - \$51,250

The Social Service Worker is responsible for meeting tribal members' needs as identified to protect and provide support to Native American families on the Kaibab Paiute Indian Reservation. Incumbent provides front line support and social assistance for individuals, families, and communities by assessing human services needs for children, youth, and tribal families; investigates abuse, exploitation and/or neglect; makes referrals and recommends appropriate actions affecting the clients/families well being and social functioning. Will recommend appropriate substitute care for children and youth which may include services from other agencies, day care or foster care. Documents client progress, compiles case histories and prepares other related reports. Bachelor's Degree required in Social Work (SSW) with 2 years experience working in the human services field. Incumbent must possess a Social Service Workers License. Must have knowledge of tribal government organizations and tribal social service programs. Must have excellent communication, grammar and writing skills; must have positive work ethics and a positive attitude.

Diabetes Fitness Coordinator Assistant: Part-Time/No Benefits; \$9.00 hr

The Diabetes Fitness Coordinator Assistant works with the Diabetes Fitness Coordinator to promote and maintain the health of Tribal Members residing on the reservation. Individual in this position will be responsible for opening and closing the gymnasium and fitness rooms on a daily/nightly basis and willing to work weekends on occasion. Assist individuals in their workout routines. Develop age appropriate exercise classes and lead tribal members in these activities on a daily basis. Maintain the cleanliness of the gym and workout rooms in the building. Ensure equipment is maintained and operating properly.

Instruct and demonstrate for individuals the proper use of the equipment. Keep attendance records for facility use each day. Provide transport for Fitness Friday Kids. Provide First Aid to anyone injured at the facility. Must have a desire to promote a healthy life style through physical fitness strategies designed to improve the overall health of community members and staff at the Kaibab Paiute Tribe.

Tribal Motor Vehicle Injury Crash Prevention Program Internship: Part-Time, Temporary/No Benefits; \$10.00 hr

Goals and objectives are to decrease motor vehicle injuries on the Kaibab Paiute community roads by expanding and educating community members. This position requires familiarity and experience with spreadsheet and database software such as Excel and Access. This position will engage in research and assist the TMVICPP Coordinator. This position will participate in team meetings and brainstorming sessions. Must have a high degree of initiative and attention to detail and excellent communication skills; requires the ability to work well with diverse groups of people. This position requires the ability of talking and interacting with others. Applicant must be 16 years of age or older and attending high school or college and possess a high degree of initiative and attention to detail as well as excellent communication skills. Having an interest in the Health related field is a plus. Applicant must be familiar with spreadsheet and database software such as Excel and/or Access; be able to maintain a variety of records and reports and be able to closely follow written and oral instructions.

Day Laborer: Temporary/No Benefits, \$7.25 hr

From time to time, the Kaibab Band of Paiute Indians may hire employees for specific periods of time or for the completion of a specific project. The job assignment, work schedule and duration of the position will be determined on an individual basis. Duties and responsibilities will vary from department to department depending on assignment. No person employed under this policy and procedure may work for more than two calendar weeks at the same position for the same program. Any employment activity taking longer than two weeks to complete must follow normal temporary hire procedures.

Summer Youth Coordinator: 30-35 hours per week, Seasonal (10 weeks), \$10 per hour, no benefits

Administer the Summer Youth Program by providing tribal members, ages 14 to 18, with direction and supervision for the summer youth program. Incumbent will provide development, coordination and oversight of the summer youth program; inform students, parents and others of upcoming events, concerns and progress; provide weekly reports to the Tribal Administrator; coordinate with all Tribal Department heads and neighboring outside agencies to coordinate a positive work experience for the youth. Perform other related duties as assigned.

DRUG-FREE WORKPLACE POLICY:

The Kaibab Paiute Tribe is committed to providing a drug-free workplace for its employees, volunteers and the community it serves. By Kaibab Paiute Tribe policy, this position requires pre-employment drug testing. Must have a GED/High School Diploma. Must be able to pass a background check as well as possess a valid drivers' license and be insurable.

Employment applications are available online-- www.kaibabpaiute-nsn.gov or at the Tribal Affairs Building located on 1 North Pipe Springs Road Fredonia, AZ 86022. Interested applicants must return completed applications for consideration. For more information, contact the Human Resource Director, Kim Nuttall at (928) 643-7245.

THE KAIBAB PAIUTE TRIBE IS AN EQUAL OPPORTUNITY EMPLOYER AND ADHERES TO
THE INDIAN PREFERENCE ACT

News from Tribal Housing Department

Pest Control will be on July 5-6, 2016. All rental houses will be sprayed. Any Mutual Help/Homeowner that would like their house sprayed, please contact Yolanda or Kathryn. The cost is \$30.00 inside & outside and \$20. For outside only.

ALL work orders must be called into the office to either Yolanda 643-8308 or Kathryn 643-8315. If you stop maintenance or speak to Don, it will not get done. Thank you for your cooperation.

Maintenance would like to remind everyone to please clear all bushes that are around your house, at least 10 feet around. Also clean the carports, this is a fire hazard.

News from the Law & Order Committee

The Law & Order Committee will be having a 30-day public review of the proposed Wellness Code. The starting day will begin July 1st to July 30, 2016.

A copy will be available at the tribal office, front desk as well as the tribal website.

Everyone is encouraged to give their input. A meeting will be scheduled at the end of the 30 days.

Thank you

NOTICE!!!

This trash dumpster in Kaibab Village is strictly for big items such as Furniture, bikes, boards, items of that nature. Please do NOT throw household garbage in this dumpster!!!

This is the dumpster to use for household trash!!

Thank you for you're cooperation!

Top 10 Tips

For sharing the road with trucks

Lives at stake

- 333,000 large trucks accidents per year
- 3,921 fatalities
- 697 truck occupants
- 2,843 other vehicle occupants (cars, light trucks, motorcycles)
- 381 non-occupants (pedestrians, cyclists, etc.)

Car drivers are principally at fault in 70-75% of fatal car-truck crashes.

1. Stay out of the zone (Blind spots)
2. Pass trucks with caution (pass trucks on the left side for maximum visibility and maintain a consistent speed)
3. Don't cut off a truck (leave plenty of room when you pull in front of a truck)
4. Give sufficient space to trucks (give plenty of room to trucks to avoid dangerous situations)
5. Allow space between trailer and curb (trucks make wide turns)
6. Practice Patience (try to avoid any erratic moves or rapid lane changes, speeding, aggressive driving)
7. Lower your headlights (bright lights reflecting off large trucks can be blinding to truck drivers)
8. Signal sooner (gives trucks a chance to slow down or stop sooner)
9. Merge with caution (avoiding merging in front of a truck if traffic is present)
10. BUCKLE UP AND DON'T BE A DISTRACTED DRIVER

Seatbelts save lives & distracted drivers are dangerous drivers. 80% of collisions and 65% of near crashes have some form of driver inattention as contributing factors,
